Half-termly Checklist
Make every interaction count

Tick when secure. Carry forward any action that still needs attention.

☐ Coach staff in one ShREC strategy, such as following the child's lead and expanding what they say.

☐ Review the environment and routines. Make space for quiet conversation and draw quieter children into back-and-forth talk.

☐ Use observations and screening where appropriate to plan language support. Agree next steps with families and the SENCO.

☐ Use phonics assessment to plan reteaching and daily extra practice for pupils falling behind.

☐ Writing • Use play and drawing to help children generate ideas. Model saying a sentence aloud before writing it.
